ROAEBUZZ

I started the **Read Woke**™ challenge in response to the needs of my students. I want my students to read books that amplify the voices of people of the global majority (people who are of African, Arab, Asian, and Latin American descent and identify as not white), provide information about groups that have been disenfranchised, share perspectives of people who have been underrepresented or oppressed, challenge social norms and disrupt the status quo, and encourage readers to take action in their community. I believe students have a right to know about the issues that are plaguing our society. I believe that they have a right to hear the truth.

I created **Read Woke Books** because I want our students to be knowledgeable and compassionate citizens. They will be the leaders of our society soon, and they need to be equipped with knowledge so they can treat others with the dignity and respect they deserve. And in return, they will be treated with respect.

When students learn how history impacts our lives today, they can take part in changes to make our world a better place for all.
