for a video that showed the excitement of being around someone new that you really like. During the shoot, a director told him to play with model Ephtrada's hair, Bin Styles didn't do it right away. First, he checked in with Ephtraia and asked if it was Ok with her. That was a moment on-set where I was taken alack for just a second and was like. You, he really cares if I'm confortable. He cares if the other models are comfortable. Piptrara said.

Styles was that kind of superstar—one who would ask for consent, respect boundaries, and set the right tone for everyone on his project. He could feel at ease while the did his best work, and those around him could too.

A Year of Self-Discovery

A tear of Self-Discovery

Styles released his second album, Fire Line; in December

2019. It instantly landed at the up of the Billboard 200

chart, By then, he had homes in California and Lundon,
but he was most comfortable touring and spert most of
his time on the mad, He was set to kick off his Love on

Tour shows in April 2020.

But the worldwide COVID-19 pandemic stopped his
plans. The US, England, and many other countries went
into lockdown, riesing businesses and schools and

limiting travel. Styles was grounded at his home in Los

Angeles. For the Bust alme in years, his schedule was
completely clear.

Style Icon

Styles is known for wearing brightly colored, flamboyan clothing. His look has been clothing, His look has been vailed fun, retro (imitating past-fashions), and gender fluid. He says he's inspired by superstars including Gueci designer Alessandro Michele and music legends David Bowie, Efron John Prince, and Shania Twain.

In the hegfinning, he thought he should use the time to write more music. Soon, though, he saw it would be hetrer to take a break, He and some friends socialized safely, so he had people to hang our with-and pleany of time to ger to know them better. For about six weeks, he dug into that, getting closer to his friends and considering what it means to create deep friendships and a real home. After years of reavel, Styles had a lot to think about.

When he started musking music again, he used what, had be the started musking music again, he used what all possible to the started musking music again, he used what had be used to be the started musking music again, he used what all bear one procession. He dailed even listen to his favorite artists' music while the worked because he didn't

After chores, Orry was free.

"Let's hunt for arrowheads,"
he said to Mildred.
Orry's mother gave him a chunk
of corn bread wrapped in a napkin.
"Don't go too far," she said.
Orry's dog, Archie, went with them.

They walked past barren fields with a few straggly stalks of corn. With the topsoil blown off, the ground was brick hard. How could anything grow? Hot sun blazed overhead as Orry and Mildred searched for arrowheads.

Wildlife Rescue

This series looks at unusual ways people around the world have come to the rescue of endangered species by providing safe ways to adapt to their changing habitats. Rope bridges, tiny tunnels, and crossing guards for turtles are just some of the interesting solutions featured in this series.
