From Austen to Wilde, Lerner Digital Has the Classics Covered

FIRST AVENUE
classics™

First Avenue Classics transform unabridged versions of literary staples into compelling multi-user digital editions, making the books accessible from any digital device.

Students and educators can easily navigate the fixed-format pagination and hyperlinked table of contents. When available, original illustrations are also featured.

Instead of annually resupplying lost books from print collections of assigned classics, purchase a multi-user eBook once and have it for years to come. Multi-user access covers the entire school, allowing titles to be simultaneously used for classroom assignments, book club picks, and independent reading. Each school owns the eBooks forever—no hosting or subscription fees apply.

First Avenue Classics eBooks come with:

MARC record links: Students can access purchased titles directly from your library catalog. MARC records are free with direct orders of \$350 or more.

Customized QR code labels: Students simply scan QR codes with a mobile device to instantly access your library's multi-user eBooks—no password needed. QR code labels are also free with orders of \$350 or more.

Downloadable capability: With the click of a button, each **First Avenue Classics** eBook can be downloaded to a mobile device for offline reading.

Lerner Publishing Group acknowledges that many classic books contain racist tropes, stereotypes, and language. On our website lernerbooks.com/FAC, we've compiled articles from librarians and educators with recommendations for how to evaluate, discuss, or teach these classics by providing readers with context and critical analysis or pairing classics with books featuring BIPOC voices and authors.
